Dear Darren and the St. Catharines Jaycees,

How do we begin to thank you for your generosity in making The 2009 Easter Egg the success that it was? Over 2100 pounds of food was collected at our gates; the most in over 8 years! Add to that the recent presentation of \$1,000 and we could not be more appreciative.

In 1919, Mrs. Leone Taylor recognized a need in St. Catharines. She realized that people were going to bed hungry...she understood they needed appropriate clothing... she then started to do something about it.

Community Care may have started with just one person, but it takes many members of our community to service the needs of the over 150 families we see each day.

*...because our*  
**community

**THANK YOU!**

A very sincere  
all your hard work.

...to you Darren and to the Jaycees for

Sincerely,
