**Dear Friends, what a great way for me to start off this brand new year, by writing to you!**

**My regrets for being tardy with this letter, but advancing years and failing eyesight has its problems.**

**For many years, when I was secretary of Dunlop Drive Seniors, I made it my business to thank your wonderful group for their dedication and devotion to helping others re the Saturday morning breakfast so ably and cheerfully prepared and served by you lads and lasses.**

**I hope the enclosed photos are a happy reminder of a most enjoyable morning?**

**Best wishes to all for a successful year.**

**Sincerely, Yours aye**

**Bill McIntosh**
